Subject: Air Quality Dust Complaint Form

---- Air Quality Department Dust Complaint Form ----

Reference Number: 2015083011821336

Business Name: Hickman Egg Factory

Violation Address: 41625 w. indian school road

Major East/West: Indian school road

Major North/South: 411th avenue

On the: SW Corner

City: TONOPAH

Violation Description: I just put a complaint on the air quality violation and now its dust in the air that I can not breath from their plant, You could see it floating in the air, I have stage-4 cancer and was told that I should not breath stench in the air from the egg farm. It smelly like Smelly Sox, Manure, Nauseating fecal matter. I moved out here to get away from the pollution in town and now I don't like the smell from the plant, I had to put my shirt over my nose so I could open my gate and get in my vehicle to go to the store. I am going to check with my doctor, but I know that's not good for me to breath at all, I like going out side to water my trees and with the stench in the air, I can know longer enjoy the out side any more. I am not aloud around sick people, I had to take one of my nausea pills this morning just from the smell so that way I could keep my breakfast down. It's bad when I have to take one of them before my treatment even has started. Which will be this coming Wednesday.
